

Smanjimo buku – očuvajmo mir u prirodi!

Dragi posjetitelji,

Dobrodošli u našu destinaciju! Vaša pažnja prema prirodi pomaže očuvati okoliš, zaštititi životinje i osigurati kvalitetno iskustvo za sve.

Zašto je tišina važna?

- Prekomjerna buka stresira životinje i narušava njihov prirodni ritam.
- Turističke aktivnosti u mirnom okruženju omogućuju bolje iskustvo za sve posjetitelje.
- Smanjenjem buke doprinosimo očuvanju kulturne i prirodne baštine.

Kako možete pomoći?

1. **Govorte tiho i mirno** – posebno u parkovima, rezervatima i stazama prirode.
2. **Koristite električna vozila** i bicikle kad je moguće, umjesto motora i automobila.
3. **Izbjegavajte glasnu glazbu i buku iz uređaja** na otvorenom.
4. **Poštujte znakove i upute** o zonama tišine u parkovima i prirodnim rezervatima.
5. **Pazite na kućne ljubimce** – neka budu na povodcu i ne stvaraju dodatnu buku.

Vaša tišina je naš doprinos održivom turizmu!

Kada čuvamo mir prirode, čuvamo i životinje, biljke te doživljaj budućih generacija.

Hvala što čuvate prirodu i smanjujete buku!

Let's Reduce Noise – Preserve Peace in Nature!

Dear visitors,

welcome to our destination! Your consideration for nature helps protect the environment, safeguard wildlife, and ensure a high-quality experience for everyone.

Why is silence important?

- Excessive noise causes stress to wildlife and disrupts their natural rhythms.
- Tourism activities in peaceful surroundings create a better experience for all visitors.
- By reducing noise, we help preserve both cultural and natural heritage.

How can you help?

1. **Speak quietly and calmly** – especially in parks, nature reserves, and along nature trails.
2. **Use electric vehicles and bicycles** whenever possible instead of motorbikes and cars.
3. **Avoid loud music and noise from devices** in outdoor areas.
4. **Respect signs and guidelines** regarding quiet zones in parks and nature reserves.
5. **Take care of your pets** – keep them on a leash and prevent unnecessary noise.

Your silence is our contribution to sustainable tourism!

By preserving the peace of nature, we protect wildlife, plant life, and the experience of future generations.

Thank you for respecting nature and helping reduce noise!
